This shows each NHL teams season, home/away game rating, overtime possibility rating, and scoring. Expected points they are to score for being home or away. It also shows their win probability

Team

Home Games- win rating when a team is at home

Away Games- win rating when a team is away

Overtime Possibility- the odds of a team going into overtime with another

Scoring- how many points will be scored by the teams playing each other

Playoff wins- how many post season wins a team will have
